To—The Inspecting Officers of the Education Department and all the Managers of Aided Institutions.

Has the honor to inform that at present the Managers of Aided Institutions send up applications for several kinds of grants all the year round without any uniformity in the procedure, thereby rendering the working of the grant-in-aid system unsatisfactory and difficult, Government have therefore, in their Order No. 8854-5—Edn. 49-19-13, dated 20th March 1920 been pleased to order the inclusion of the following new rule in the Grant-in-aid Code as Rule III (3):—

"No grants shall be sanctioned under these rules to an institution during any particular official year unless applications for such grants are made through the Circle Inspectors concerned not later than the 15th November of the preceding year. But in the case of schools newly opened with the permission of the department the above time limit will not apply so far as applications for grants during the first year are concerned."

The Managers of Aided Institutions are therefore informed that applications not made in conformity with the above rule will not be considered and no reply will be given to them on this behalf.

The Circle Inspectors and the Inspectress should receive applications thus made and consolidate them applying grant-in-aid rules strictly and submit complete and definite proposals on the subject to this office before the 31st January every year.

In addition to the above, merchants were at liberty to import wheat and Bengal gram, from any part of India, except the Punjab and the United Provinces, as in the previous months.
